Reading This Book

If, while reading the following pages of this book, the reader will keep these few facts in mind, a much clearer understanding of the contents will result. The format or style used in this book is known as the **Modified Register System**, which has been refined by the National Genealogical Society.

Three types of numbers are used: one to uniquely identify the individual, one to indicate the generation into which that person falls, and one to denote his or her birth order within the nuclear family.

When an individual is introduced in his or her separate sketch, the name appears in boldface letters with the surnames in all capital letters. The name is preceded by an identification number. The last given name is followed immediately by a superscript number indicating the number of generations from the starting individual in this book. In parentheses following the name is a list of direct ancestors back to the starting individual. Only the given name is listed, preceded by his or her ID number, and followed by the generation number in superscript.

When the list of children is presented, the small roman numeral in front of the name designates birth order.

The index is arranged alphabetically by surname. Under each surname, names are alphabetically arranged by given names. The name is followed by the year of birth and death in square brackets. The number to the right indicates the page where this name appears.

Bonnie Culley
1416 Green Berry Road
Jefferson City, Mo 65101-3620

Hi Cousin Bonnie,

I received the newsletter yesterday and I am so sorry I didn't get my information about my Coffee generations to you before you mailed the newsletter out. I am enclosing all my information through my birth. I am a descendant of Peter Coffee. His son, William was my starting line as you can see on the papers enclosed.

I have already made my reservations with the hotel and sent all monies to Jo. This will be my first time at the Convention. My daughter, Patsy, will be attending with me. I am looking forward to meeting everyone.

See you in Dallas,

Billie
