Dear Cousin

Our third year of CCC is winding down. While 1983 is gasping its last and 1984 is just around the corner we would like to think that CCC and our cousins are just getting wound up! We feel that now the concept of CCC has proven that a newsletter can multiply results of research dramatically. We have seen what 100 people can accomplish. Just think what 200, 300, or 500 could do. Help rewind us by sending your 1984 CCC order now.

It looks like the convention is really going to happen. All we need now is you. It is very exciting to think that in a few months we will be seeing the faces and hearing the voices of cousins known only by mail. We're making arrangements now to be in North Carolina in May. How about you?

CONVENTION CONVENTION CONVENTION CONVENTION CONVENTION

We have received a packet of material from The Greater Raleigh Chamber of Commerce and separate letters from the major hotel chains. These list the points of interest for visitors to Raleigh and the Capitol. Raleigh would be a tremendous place for our first convention. But wait....

Betty and Robert H. Coffey of Cameron, NC sent us an even larger collection of material on their choice. This site is in the center of the scenic mountain, resort and craft area of western North Carolina. Further it is also the center of learning with beautifully modern facilities in a smaller city away from metropolitan bustle. We are referring to Boone NC and APPALACHIAN STATE UNIVERSITY. The university has a special department strictly for convention handling. It has accumulated years of experience in helping conventioners make a success of their meetings. It can also house, feed, and furnish meeting places of any size to its guests. Betty adds that because of the 2600 foot altitude the climate in spring and summer is pleasant and moderate. Too, Boone and Watauga County are full of Coffeys and their lore. There is no way we can tell you of all the nearby points of interest shown in the photos and brochures. It just flat looks irresistible. With apologies to our very enthusiastic and active cousins who would like an earlier date, CCC thinks the lead time required make May 5&6, 1984 the best time.

After getting the material a few weeks ago it struck us that we really have no organization, no by-laws, committees, or officers to handle such business as a convention. Lacking these luxuries this first meeting can only be arranged by general consensus. And the hard facts are that at ASU a deposit and guaranteed number must be given at least 30 days prior to the meeting. The deposit is equal to one nights lodging but also reserves meeting rooms at no additional cost. University room rates are (in 1983) \$38.00 for a single, and \$44.00 double. Betty Coffey has agreed to be our go-between for the convention so here is what CCC suggests.....for Boone or Raleigh.

Write Mrs. Robert H. Coffey Rt. 1 Box 197A Cameron, NC 28326 in this style:

Dear Betty; Enclosed is my check for \$50.00 and SASE, for the Coffey Convention. I undersatand plans now are for meeting May 5 & 6 with lodging required for May 4 & 5, 1984. I am in favor of meeting at ASU in Boone, NC but will come to Raleigh if chosen. (~~I am in favor of Raleigh but will come to Boone if chosen~~). I also understand the deposit covers approximately one nights lodging and agree to pay the balance upon arrival May 4 or before. I will require(single,double) accomodations. You will hold checks until March 10, 1984. If I must withdraw or if the convention is not held my check will be returned. Otherwise on about April 1, 1984 I expect to receive confirmation that reservations have been made and will see you on May 4.

NOTE: CCC will be happy to report in the March issue names of those who could furnish a ride to a cousin, and those cousins who would need a ride to the convention site,

*\$50. for Mr James Culley
\$50. for Mrs James (Donnie) Culley
We're really looking forward to this convention.*

DEAD END ROADS

MARIE RYALS writes, as you know, I am a descendent of McCaleb Coffey-Sally(Sarah) Hayes. While searching I found a will we believe to be McCaleb's father's. Dated 1845, Watauga County Courthouse, Boone, NC. It states his wife "Margaret" and goes on to name McCaleb, Austin, Ruben, Cleveland, Jesse, Nancy etc. From other sources we thought McCaleb's wife was Nancy Edmisten. Can anyone help? Isn't there a relative of any of McCaleb's family left that has any records? We found McCaleb's father Jesse living in Ashe County and a NC land grant made to him in the year Jan 4, 1827 for 100 acres. There is another for land dated 5-28-1817 between Jesse Coffey and Jesse Boon for acreage.

DOROTHY BARNES would like information on Jesse Leonard Coffee b. 1829 Rabun Co. Ga. She would like to know if Cleveland Coffee was or was not his father. Jesse L. was married twice. 1 was Nancy Singleton m. 1845.2 was Arzelia P ____? What was Arzelia's maiden name? Dorothy's grandfather Carl C. Coffee b. 1892, Rabun Co. will be 91 on Dec 22, 1983.

A PEEK IN THE MAILBOX

DOROTHY SHAMBLIN was packing for a trip to Egypt but dropped a line about the Tennessee Genealogical Society being interested in CCC. We have included the Society in our mailing list. We now await word about how many Coffeys Dorothy found in Egypt.

VIVA MAE COFFEE lists her Coffee line: Father, Arthur E. b. 1879 in MO. Grandfather, William H. b, 1843 in TN. G grandfather, Merideth b. 1827 in TN. Gggrandfather, John b, 1797 in TH, She has located their descendents in TN, AR, MO, & KY.

J. C. COFFEY made a research trip in October. In spite of the tall grass in Jasper GA, he was able to find the graves of 10 ancestors in Long Swamp Cemetery. Among them were John Gordon Coffey 1840-1920, Mary Monroe Pettitt Coffey 1840-1915, Jesse S. Coffey 1799-1858, Winiford (Crumpton) Coffey 1801-1863. Still searching for the father of Jesse S., J.C. votes "early in the year" for the convention time.

BRENDA WOOD was interested in the Cleveland - Coffee information (Sept 83). Brenda is convinced and was told that proof exists of two James Coffees (uncle and nephew) who married Elizabeth Cleavelands (aunt and niece). Brenda finds in her notes from THE REGISTER OF OVERWHARTON PARISH, Stafford Co. VA 1723-1758 these births: Cofy, James; son of Peter and Susannah 2/27/1740. Cofy, Frances; daughter of Peter 1/5/1741. Coffee, Lydia; daughter of Peter and Susannah 1/25/1742. Coffee, Benj.; son of Peter and Susannah 10/9/1743.

JAMES V. COFFEY reports recent proof (found by another cousin) that Colby Coffey is the son of John Coffey and Elizabeth Rucker, But his letter was primarily to get advance information on the dates selected for the convention to help on vacation planning.

BENNIE LOFTIN was in Coffey Country Sept 25 to Oct 6. At Renfro Valley, Ky she met Jeanne Snodgrass Bonham of Cincinnati. Together they listed the Marvel Coffey Cemetery in Rockcastle County. Then with Jeanne's Aunt Ann Coffey Green (80) they visited in Grainger Co. TN with cousins Tom Roach, Lillian Harrell, Marcus Coffey, and Everett Coffey. Bennie is working on her book, possibly titled Coffey Cousins and Lizzie's Legacy. Aunt Lizzie is 86 and ill but completed her memoirs. Jeanne Bonham and Pat Haïtt published the 107 page, indexed, Elmwood Cemetery Inventory, Mt. Vernon, KY available for \$10.00 from High Grass Publications 300 W. Smith Valley Road, Greenwood Indiana 46142. Bennie also reported hearing of an automobile accident in which cousin Virginia Peterson was injured. We all hope she is recovering.

NANCY LEA WRIGHT corrects the place of birth for Peter Coffee II, b. 1750(sept 83). Actually Peter II was born in VA and Peter I in Ireland. Appearing elsewhere in this issue is additional data from Nancy Lea.

ETHELYN COFFEY is trying to recruit Bob Coffey No. 4 for CCC. He is Robert D. and descended from the Martin Coffey family shown on page 8.

MORE FROM THE MAILBOX

MARVIN COFFEY takes time out from his research to report these items:

1. The Heritage of Stokes Co. NC by the Stokes Co. Historical Society (1981) mentions Alexander Joyce b. 1781 who married Mary Coffey, removed to Indiana and died in 1862.
2. Stokes Co. marriages include: Benjamin Cofey to Sally Waggoner 24 June 1830; Michael Coffey to Hannah Buck 15 Apr 1805; Sally Coffee to Thomas Hampton 23 Dec 1822.
3. From Prose and Poems by Dr. J. T. Jones (1916). There is an account of the "boned woman" of Russell Co. Ky. Some 60 years (prior to 1916?) ago a woman named Coffey was afflicted with a strange malady. From time to time a lump would appear on her neck, breast or arm and eventually a bone would emerge. Sometimes requiring surgical assistance and sometimes not. One was described as being the size of a chicken's thigh bone. She eventually recovered but her body was scarred where bones had erupted. Older residents when interviewed seemed to consider the story factual and not merely legend,

RUSSELL MARSHALL has written some of us about his project called The Wagonwheel. He and Betty Jane Noble are writing this quarterly newsletter to cover many inter-related families of East Tennessee including the Adams, Coffeys, Hayes, Daltons and Ruckers. There were two issues for 1983 at \$6.00 (for two) and there will be four in 1984. The annual cost is \$12.00 and will total 200 pages of information. This should be a great help to many of us.

LAURA SPITLER wants to catch up with CCC now that the Spitzlers have retired and moved to Arkansas. Can they find happiness in the moss covered Ozarks after living in the snow capped Rockies? She says they love it in Mulberry.

CCC NOTE: We personally enjoy and derive comfort from the standard preamble found in all the old wills. "In the name of God Amen . . ." Since they do repeat CCC takes the liberty of omitting them when abstracting as we have below.

NANCY LEA WRIGHT submits a copy of the will of Peter Coffee I:

Prince Edward County, Virginia Will book I p. 132 to my wife Susannah Coffee, my plantation together with the stock, during her widowhood. To my son William, one hundred fifty acres lying on Vaughn's Creek. To sons, Peter and Joshua five shillings sterling. To daughters Catharina Thomas and Mary Kendal five shillings sterling. To daughter Lydia Coffee fifteen pounds current money at my daughter Bettie's death. To my daughter Hannah Weakley, ten pounds at my daughter Bettie's death. To my daughter **Elizabeth Coffee** my land and plantation at her **mother's** decease and at her decease to be sold and any remainder be equally divided amongst my grandchildren then living,,

Genealogy is not an exact science. Nor is it a subject to be treated casually. The foundation of genealogical research is evidence. What is truly good documentation or evidence? Definitions can be found in **Black's** Law Dictionary and in Webster's. For the family historian few things can be proven to the point of absolute certainty. Both the 1850 and 1860 Federal census may show John Smith and wife, Mary, with children. Deeds are found in which Mary joins with her husband, John, in signing. John dies in 1892, leaving a will in which he names "my beloved wife Mary". Is this proof they were married? No record of this marriage now exists. Does this lack of record make them any less married? Most would agree the Smiths are married. Some hereditary organizations would hesitate to allow membership because of the cloud cast by lack of documentation.

Evidence is a subject that should be reviewed frequently by the family historian. It is wide ranging and is defined as "what is necessary to substantiate, to establish truly by proof, to verify..." Statements by an individual about his or her own age are not beyond reasonable doubt and are often wrong because a person only knows what he was told about that **happening**. In genealogy the problem is usually solved by "a preponderance of **evidence**" that is the evidence is weighed on a scale considering the volume and nearness of the source to determine which items appear most likely to be factual.

FROM THE LIBRARY

Would you believe there is another Coffey family book never mentioned in CCC? We received in September a copy of The Coffey Clan from 1690 by Frank R. Moore and illustrated by Blanche B. Moore. We believe it was compiled in 1969. Mr. Moore (of Laguna Beach CA) has been most thorough in his documentation. The narrative account of his grandfather, Col. James A. Coffey contains fascinating history, laced with the humorous. It relates also the terrible dangers that were faced in pioneer Kansas, Missouri, and Illinois. This **Col. Coffey** was the son of Rev. Achilles Coffey. He was the founder of Humboldt Kansas and the namesake for Coffeyville. Mr. Moore documents this last and protests that Asbury Madison Coffey allowed the honor to be falsely applied to himself, but says that Coffey County was indeed named for A. M. Coffey. Mr. Moore describes in great **de-**tail the events of the 1850's referred to in history as "bleeding Kansas", where neighbor killed neighbor. During this period Cols. JA Coffey and AM Coffey served in **oppos-**ing forces but likely without knowing of the **other's** presence or their relationship. Other accounts cover the establishment of a string of stores and other early business ventures and his involvement with the great drives on the famous trails that converged in Kansas.

Found collecting dust in a used book store was The History of Garrard County Kentucky and it's Churches written in 1947 by Forrest Calico. In over 500 pages there are hundreds of names from early KY. It includes maps showing forgotten settlements and the original names of creeks and streams. We found one Coffee: Joseph a private during the War of 1812.

CCC plans to have **it's** library and letter files on display at the convention

OLD KENTUCKY RECIPES

In the early days of **Kentucky**, especially during the evangelical days at the turn of the **18th** century, cooks devised this recipe to carry pies to camp **meetings**. This Shakertown recipe is a very rich dessert that should be sliced into thin pieces:
(Kentucky Stack Pies) 10 egg yokes, 3 cups **granulated** sugar, **1** cup whipping cream or evaporated milk, **1 1/2** cups butter melted, 4 **or** 5 pastry pie shells, unbaked.
Beat egg yokes until light. Beat in sugar, beating well. Beat in cream and then melted butter. Meanwhile prepare pie shells, leaving **one(the bottom one)** full size. The remaining shells should have rims trimmed so they **are** slightly **smaller**. Pour filling evenly into all unbaked pie shells. Bake in **pre-heated** oven (**350deg.**) 30 to 45 minutes or until filling is **set**. Time depends on **thickness** of filling. Let cool then **stack**. Cover with caramel icing over top and sides of stacked pies,
