

ERO M: JEAN DEEVERS

SUBJECT: MARTIN COFFEY (WILLIAM MARTIN)

PRESUMING MARTIN JR WAS NAMED AFTER HIS FATHER, WM SR..

First thing is census record from Wayne County--1820, after Martin married NANCY HANSFORD (HEREFORD) in 1817...census reads as: ;

2 sons under age 10.....one was James Gabriel, other was Lewis @ 8 yrs.

2 males ages 16- 20 Martin Jr^{age 2} 19 Joel age¹⁶

1 male over age 25.....1st James from 1st marriage or 2nd

1 female 10-15..... Elizabeth.....age 12

Polly married, with Martin giving suriety, in 1809, to William Ward in Wayne Co., She was 17 or 18, making her birth approx. 1792.

What does NOT make sense as to Eliz Bronson being parent is --if she and our Martin married in 1783, why is there such a difference to 1792 for Mary "Polly"'s birth.....and even Jas B....? *No other children mentioned.*

I know for sure Martin once was married to Nancy Edwards in 1788; after finding the marriage to Elizabeth Bronson I thought there had been a mistake in names. But when my father--Evan Goode Coffey, and my mother went to visit the old family (COFFEY) farm in the 1950s, they were told that Nancy Edwards was Martin's wife from England--to--Virginia, they married in N.C.. I didn't find the record myself.

It makes more sense as to birth dates for Joel, Lewis. Elizabeth, Martin Jr, all at right ages in the 1820 census in Wayne Co...Polly had already married when Martin married his young Nancy Hansford(Hereford) and became parents of Jas Gabriel, my great grandfather, who married Martha Patsy Tucker--daughter of Moses and Eliz Johnson Tucker....Wayne Co.....

The more I get into MARTIN's LURID-LOVER past, I feel he was on the move with several wives who either died young with one of the plagues going around, or in childbirth in the no-sanitation days. Most men out-lived wives who gave abundance of offspring. Martin surely out-lived many people..

I am 71, my husband, Owen, is almost 72. We love geneology, painting--I do portrait media in oil; he is an Architect/Engineer. We write fiction and non-fiction together. I still enjoy the public--that's why I am working, after spending most of our 47 yrs raising three children....now a 17 yr old granddaughter and a two yr old granddaughte by another son. My daughter is a Chef-computer expert, unmarried and near 40. I, also, use the computer for geneology--and-- the Morman Church library, which is ~~tht~~ too far from our home. I belong to the Christian Church, not Morman, either.

2-21-92 Sincerely, Jean

Plan Deavers

Martin's family is found in 1870 census in Pct 4, Wolf Creek. Perhaps that is the part of Russell County where they always lived.

WIFE - Elizabeth BRONSON-2137

BIRTH:

All info re this person f/1986 letter of Jean Deavers to Marvin Coffey. She writes:

"Martin married Elizabeth Bronson in Wilkes, N.C. in 1783. They had, as far as we know but cannot prove, James Bronson, Polly, Joel, Elizabeth, Lewis and William Martin. Evidently after Elizabeth died he came alone to Kentucky. Later his children came and settled in Wayne Co. We have records of Polly, Elizabeth and Martin Jr.'s marriages with Joel and Lewis as witnesses.

Martin remarried in 1817, to Nancy Hansford. They had my great granddad, James Gabriel Coffey in 1818, who was in the Civil War. His first son was my grandfather

2/16/1992--I spoke w/Jean Deavers. She told me she'd got her information

on this marriage f/Wilkes County records. She said the record shows it to be William Coffey to Elizabeth Bronson. Jean thinks Martin's name was William Martin.

CHILD 1 - Polly COFFEY-2127

BIRTH:

(1) See marriage info below. If she was at least 16 but less than 21, then she was born 1788-1793

MARRIAGE:

(1) Wayne County Marriage Records 1801-1806 by Bork, Vol. 2 states, "William Ward and Polly Coffey. Surety, Martin Coffee. Married 26 February 1809 by North East Esq. Endorsement on Bond: "Parents consent proven by the oath of Martin Coffee."

CHILD 2 - James Bronson COFFEY-1106

RELATIONSHIPS:

(1) In Pierce book on Meadows family re person C-7, she quotes letter f/Jacob Meadows to his brother Henry Meadows, husband of Polly Coffey Meadows. He spoke of "Sister Polly" and of her brothers Joel and James Coffey. Polly's family all well except her father who was old and ill. Letter was dated 7/11/1847 f/Russel Co, KY. Since Martin possibly had two sons named "James" I am not sure which one Jacob was referring to, but probably the younger one, who did live in Russell County at the time. [I.E., I do not think the reference was to this James Coffey.]

(2) **IMPORTANT:** All info re existence of this individual f/ Jean Deavers.

CHILD 3 - Lewis COFFEY-1459

BIRTH:

RELATIONSHIPS:

In 1986 letter to Marvin Coffey Jean Deavers names this individual as a child of Martin Coffey & Elizabeth Bronson.

OTHER:

(1) 1850 KY census index lists 3 Lewis Coffeys, described below:

- (a) Green Co--This Lewis is 27, b Russell Co. Shown w/wife Polly and 4 young children (1 son), none named Martin. He is possibly son of Martin, but not likely--too young to be son of this marriage. Would have had to be from marriage to Nancy Hereford.
- (b) Wayne Co--Two Lewis Coffeys on this page. One is 77, b VA, married to Bidy. This is the son of James Coffey who married Elizabeth Cleveland. The second Lewis, age 37, b KY, is 3 HHs away and likely is son of first.
- (c) Mason Co--This Lewis is 49, grocery keeper, b KY. HH also includes Charlotte (47) & 4 children (3 male, none named Martin).

There is insufficient info to conclude any of the above was Martin's son.

CHILD 4 - Joel COFFEY-1107

CENSUS: SEE ALSO BELOW UNDER "OTHER"

1850--Russell Co, KY--Second Dist; HH202/202--He heads HH; is shown as Joel Coffey, 53, m, farmer, b KY, cannot read or write. Other HH members (all w/surname Coffey & b KY except as noted): Ann (39,f, b VA), Allen (21,m),

Isam (14,m), Joel (13,m), John W. (11,m), P??? (9,f), Julia A. (9,f), Nancy (6,f), Stewart (4,m), Mary Sharp, (84,f,b VA). This census dated 8/28/1850 1860--Russell Co, KY --[Dist of Russell; HH682]--He heads HH; is shown as Joel Coffey, 60, m, farmer, \$150, \$80, b KY. Other HH members (all w/surname Coffey & b KY): Ann (53), Isham (24), John (18), Prudence (16), Julia Ann (16), Nancy (14), ?Lewart (13), Daniel (9). Census dated 7/16/1860.

RELATIONSHIPS

(1) In Pierce book on Meadows family re person C-7, she quotes letter f/Jacob Meadows to his brother Henry Meadows, husband of Polly Coffey Meadows. He spoke of "Sister Polly" and of her brothers Joel and James Coffey. Polly's family all well except her father who was old and ill. Letter was dated 7/11/1847 f/Russel Co, KY.

OTHER:

(1) Assume that Joel did live in Russell County in 1850. There are two Joel Coffeys listed in 1850 Russell County census. Both were b KY. One was 32 (thus b abt 1818)--1st Dist; HH227; one was 53 (thus b abt 1797). I believe the second Joel is more likely Martin's son since he is located only 2 HHs f/Martin, Jr.

[NOTE: The next HH to this Joel is headed by Hugh French, age 78.

[Relationship????

(2) Continuing--There were 3 Joels in Russell Co in 1860, all b KY. One was 41 (HH335); one was 24 (HH556); one was 60. The last was clearly the same as identified above from 1850 census.

TO DO:

(1) Try to locate marriage record f/this Joel. Wife: Ann, age 39. First child listed is Allen, age 21. If he was first child, marriage likely to have been about 1827-1828. This may have been second marriage; note gap in age of first two children (2) Try to find this Joel in 1860 census. Was he still in (2) Try to find this Joel in 1860 census. Was he still in Russell County?

RELATIONSHIPS:

(1) Ethelyn Coffey's husband is a descendant of James' son Moses. I have FGS on James that she sent me.

(2) In Pierce book on Meadows family re person C-7, she quotes letter f/Jacob Meadows to his brother Henry Meadows, husband of Polly Coffey Meadows. He spoke of "Sister Polly" and of her brothers Joel and James Coffey. Polly's family all well except her father who was old and ill. Letter was dated 7/11/1847 f/Russel Co, KY. Since Martin possibly had two sons named "James" I am not sure which one Jacob was referring to, but probably the younger one, who did live in Russell County at the time. [I.E., I think the reference WAS to this James Coffey.]

Ellen who was b in IL 9/1862. So we know the family left KY sometime after 1860 census. In 1891 Golson Wilson Coffey, son Martin & grandson William made run into Pottawatomie County, and Martin filed west of Wanette, Sec 17, TWP G.N. R 2 E Pottawatomie County. Martin was on the NE Qtr; William on NW Qtr and Golson Wilson filed due west on Sec 18 SW/4, all on 10/6/1891. Golson Wilson was 69 then; land was poor and rocky in this section. Golson's wife Rebecca died in 1893 and Martin's wife Mary Jane had died about 1891. The two men moved into Wanette, possibly to take care of Martin's children and possibly because Martin wanted to get his father off the homestead before the worst of winter and into town. Martin sold his 80 acres to Daniel F. Allenbaugh in 12/1893 and reserved one acre called "Coffey Cemetery" to be set out when Allenbaugh's claim became finalized. Golson Wilson gave up his land 11/16/1893 and William cancelled in 3/1894. HE WAS A METHODIST CIRCUIT RIDING PREACHER. He lived KY, IL, MO, KS, TX, OK.

BIRTH:

- (1) Kaye Stanley gives exact birth date as 9/15/1766
- (2) Ethelyn Coffey states family records and Bible records of two grandsons who had not been in contact with one another both show date as 9/15/1762.
- (3) Place:
 - (a) Following records show him b NC: his 1850 census record; second marriage record of son James Gabriel; 1880 census record of son Golson Wilson.
 - (b) Following records show him b VA: his 1860 census record; 1880 census records of son Andrew, dau Polly Meadows
 - (c) In bio sketch of his greatgrandson, John Henry Johnson (son of Sarah Meadows, daughter of Polly Coffee), found in IL county history: "The mother of our subject . . . was a lineal descendant in the maternal line of Martin Coffee, who came from England to America and died in Kentucky at the age of one hundred and one years. A large estate in England was left by a member of this family but the record is not sufficiently complete to prove the claims of our subject's family upon it."]
 - (d) Following census records show him b KY: 1880 census record of son James Gabriel.
- (4) I am inclined to think that he was born either in England or VA, that he went from VA to NC, and then to KY. It is his younger children who refer to him as born NC or KY.

Martin's family is found in 1870 census in Pct 4, Wolf Creek. Perhaps that is the part of Russell County where they always lived.

She notes that the bondsman for the marriage of Martin Coffey to Nancy Phelps was Shad Phelps and that a Shadrack Phelps, age 60-70 in Russell County, KY, 1840 census, lived near Martin Coffey family. MARRIAGE:

Vol. 1 of Bork's Wayne County, Kentucky Marriages & Vital Records 1801-1860
shows: "James Coffey and Patsy Tucker. Bondsman, Martin Coffey and Moses
Tucker. Bond dated 22 July 1836, married 31 July 1836 by Isaac Powell.
Married at the house of Martin Coffey."

CENSUS:

1850--Russell Co, KY--Second Dist; HH204/204--He heads HH. Shown as Martain
Coffey, 46, M, Farmer, \$500, b KY. Other HH members are Darius Coffey (30,m)
Benjamin Coffey (18,m), Lucy A. Coffey (17,f), John ? Coffey (15,m), Sarah ?
Coffey (13,f), Christian Coffey (12,m), Mary I Coffey (10,f), Martha Coffey
(5,f), Mandy O. Coffey (3,f), James A. Coffey (7/12,m).

[Note 1: I am not positive this is the son of old Martin Coffey. There is a
death registration for a Martin Coffey who died in Russell County in June 1855,
age 54 years, son of Hetty & Joel Coffey. In this census just 6 HHs away from
the above Martin is a HH headed by 74 year old Hester Coffey. Possibly the
above martin is the one who died 1855.]

[Note 2: If this is Martin, Jr., there is a possibility that the next HH,
headed by Allen Coffey (38) is also a son of old Martin. Allen has a 5 year
old male named Martain; there is also an 18 year old female named Hester.]

[Note 3: Best thing to do is to try to locate the above Martin Coffey family
in the 1870 census.]

[Note 4: There is a death record in Russell County 11/26/1856 for Lucinda
Riggins, 21, parents Martin & Darens(?) Coffey. This is probably for the above
Lucy. Then the above Darius (30,m) was actually the wife. Perhaps second
wife? Note 5 year gap between ages of Mary (10) and Martha (5).]

RELATIONSHIPS:

In 1986 letter to Marvin Coffey Jean Deavers names this individual as a
child of Martin Coffey & Elizabeth Bronson.

Winfrey Mitchell 10, m, Ills, att school w/i yr
Benjamin Mitchell 8, m, Ills, att school w/i yr
Elizabeth Mitchell 4, f, Ills
Robert Mitchell 1, m, Ills

I suspect this Elisha Mitchell was the husband of Elizabeth Coffey and she had died. Note that he was b KY, as was the first child. In addition one of the children was named Winfrey, and Winfrey was a family fairly common in Russell County, KY. Also, other children of Martin Coffey had gone to Illinois.

Dear cousins and friends,

The cover sheet to this letter lists the individuals to whom this letter is being mailed. I think I've been in contact with all but about two or three of you. In all cases, our common interest is the Coffey family; in almost every case, our common interest is the elusive Martin Coffey, who died in 1867 in Russell County, Kentucky.

Let me begin by thanking all of you for your patience with me. I'm afraid it took me quite a lot longer than I'd supposed to put together all the information you sent me and combine it with the information I already had. Special thanks go to Ethelyn Coffey (who sent a wealth of beautifully organized information), Jeff Simmons (who is in contact with the son of the individual who had the Meadows letters that Pearce referred to in her book [see group sheets]), and to Jean Deavers (who has been very kind to share information that no one else seems to have).

To cut down on my costs, I've attempted to get all the information onto family group sheets. In addition to the family group sheets I prepared on Martin Coffey and his wives, I'm including a couple of items I thought might be of particular interest to you.

The enclosed family group sheets need to be taken with several grains of salt. I look at them as possibilities rather than the gospel. I'd appreciate comments from all of you on the information in the sheets and certainly hope you'll keep me in mind as you continue your search for additional information on Martin.

I will be in Salt Lake City the week of March 8-15 to do research at the Mormon library. If you have any terrific thoughts you'd like to pass on to me immediately and want to contact me while I'm in Salt Lake, I'm staying at the Howard Johnson right by the library. The room is registered in the name of my friend, Barbara Meier.

As you can see, I've begun a list of possible avenues to pursue in search of more information on Martin. I'd love to share these projects with anyone who's willing. If you think there are other avenues to pursue, I hope you'll let me know. Some things are pretty difficult to do from Alaska, but on the whole I can't complain about the facilities available to me. We have a wonderful Family History Center in Anchorage, a decent public library that subscribes to the expanding microfiche collection of county histories and other genealogical information, and--best of all--a new regional branch of the National Archives. So there may be

things I can do from our National Archives branch that are easier for me to do than for any of you.

One final favor: when you write, would you send your telephone number if you have one and I don't have it listed on the cover sheet. Let's all stay in touch and keep working to find Martin.

Sincerely,

Judith McClung White

JUDY'S MUSINGS/AVENUES FOR FUTURE RESEARCH

1. We need to collect ALL the census records on Martin's children, especially those of 1880 and 1900 for the children who lived that long. Those census records have LOTS of information. Does anyone have census records/references for the ones missing from the family group sheets.
2. We need to get copies of the information linking Martin Coffey to Elizabeth Bronson. [Jean, can you help on this?]
3. Perhaps we should be looking in Virginia, especially Amherst & Albemarle Counties, for information about Martin as a young man.
4. Does anyone have an obituary for Martin? What newspapers were in Russell and Wayne Counties (or surrounding area) in 1867? What library in Kentucky is coordinating the National Endowment for the Humanities newspaper project (to collect all the newspapers ever published in the state)? Has anyone ever searched for an obituary on him? Does anyone have obits for any of the children?
5. Martin's grandchildren were the right age to be included in the county histories written 1880-1910. We should make a concerted effort to prepare family group sheets on all of Martin's children so as to identify his grandchildren and then check the county histories for the possibility that his biographical sketches of his grandchildren might be listed.
6. Our family history center has the Indiana Biographical Index. I will try to locate all the Indiana Coffey biographies indexed.
7. Has anyone had any experience with Kentucky land records? Do they have genealogical information? Did Martin patent any land?
8. At the Clayton Library in Houston, I found in a Wilkes County, NC, Genealogical Society publication extracts of a Church of Christ congregation in the very late 1700s. Perhaps half the references were to Coffey members. One of Martin's sons became a Methodist minister. I have a vague recollection that Martin's family may also have had Baptist connections. His daughter Polly married into the Meadows family, which has extremely strong Christian Church connections. Perhaps there is Russell or Wayne County, KY religious information. Has anyone checked this out?
9. Does anyone have old maps of Wayne/Russell County? Is there a Wolf Creek (see 1870 census record)?
10. To Jean Deavers: You mentioned that your parents visited the old farm. Was this a reference to Martin's farm? Do you know where the farm is?
11. While not a huge variation, is it possible the Bible records of Martin's birth were recorded long after his birth (and perhaps even sometime after his death) and he was not 105 at time of death

and actually was only about 101? This would be more consistent with later census records and with bio sketch of great grandson ~~Thomas~~ Thomas. It might also explain why there's no Revolutionary War record for him. There are several Coffeys f/NC who later went to KY who did serve in the Revolutionary War, especially about 1780 against the Cherokees. If Martin was born 1762, he'd have been 18-just the right age; but if he wasn't born until 1766, he'd still have been a tad young to be out fighting.

12. If the age part of the Thomas sketch is right, is it possible the parts about Martin's having been born in England and the fortune also have some basis? Has anyone heard anything about the fortune hunt? Were there any letters or other documents on the subject?

13. There are lots of missing birth, marriage, and death dates and places on the family group sheets. HELP!

14. What kind of person was Martin? Has anyone heard any stories? Isn't it unusual that he could read and write, but many of his children couldn't?

15. Jean Deavers sent me info showing descendants of Martin's who served in the Civil War in Company "K", 19th KY Volunteer Infantry. Was this a Union or Confederate Company? Does anyone have any pension or other military records of Martin's children or grandchildren? Does anyone have any Civil War stories? Was the family totally committed to one side or the other? Were there splits in the family over the War?

16. Are there descendants of Martin's who still live in Russell County or Wayne County? Has anyone been in contact with them? Is there a Russell County Genealogical Society? Would it be worthwhile to put an ad in the local newspaper in Russell County asking descendants of Martin Coffey to contact someone?
